NAVARA PRO PLUG-IN HYBRID

Photo may vary from actual unit.

UNLEASH THE DARING. ANYWHERE.

The All-New Nissan Navara Pro Plug-in Hybrid is a modern interpretation of a truck, built on more than 90 years of pick-up excellence and a proven reputation for reliability and durability.

Backed by Global Nissan Engineering, it brings together the quality and capability expected from a Nissan pick-up with advanced plug-in hybrid technology. The result is powerful performance, proven 4x4 capability, and a new way to take daring beyond the road.

A Formidable Presence. Anywhere.

A modern take on Nissan pick-up design, the Navara Pro Plug-in Hybrid combines a premium, rugged presence with details inspired by generations of iconic Nissan trucks. Bold proportions and advanced lighting give it a powerful look, built for any adventure.

Iconic 3-Slot Light Design w/ Illuminated Nissan badge

A modern lighting signature sharpens the front while retaining the bold, unmistakable character of a Navara.

18" Alloy Wheels

Bold alloy wheels add a strong stance wherever you go.

Signature LED Rear Light Bar

A striking full-width light signature gives the rear a modern, distinctive presence.

90° Rear Door Opening

Opens wide for easier passenger entry and exit, with added convenience when loading gear.

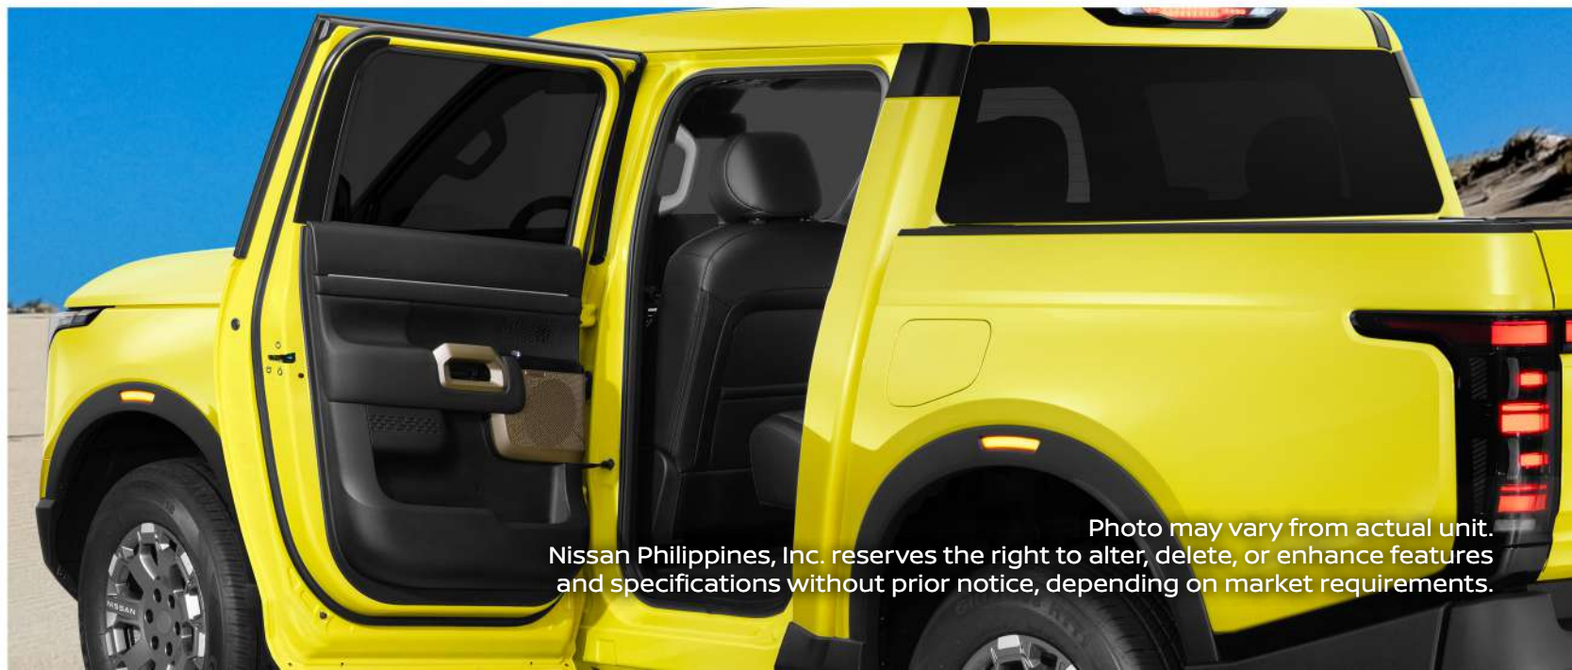

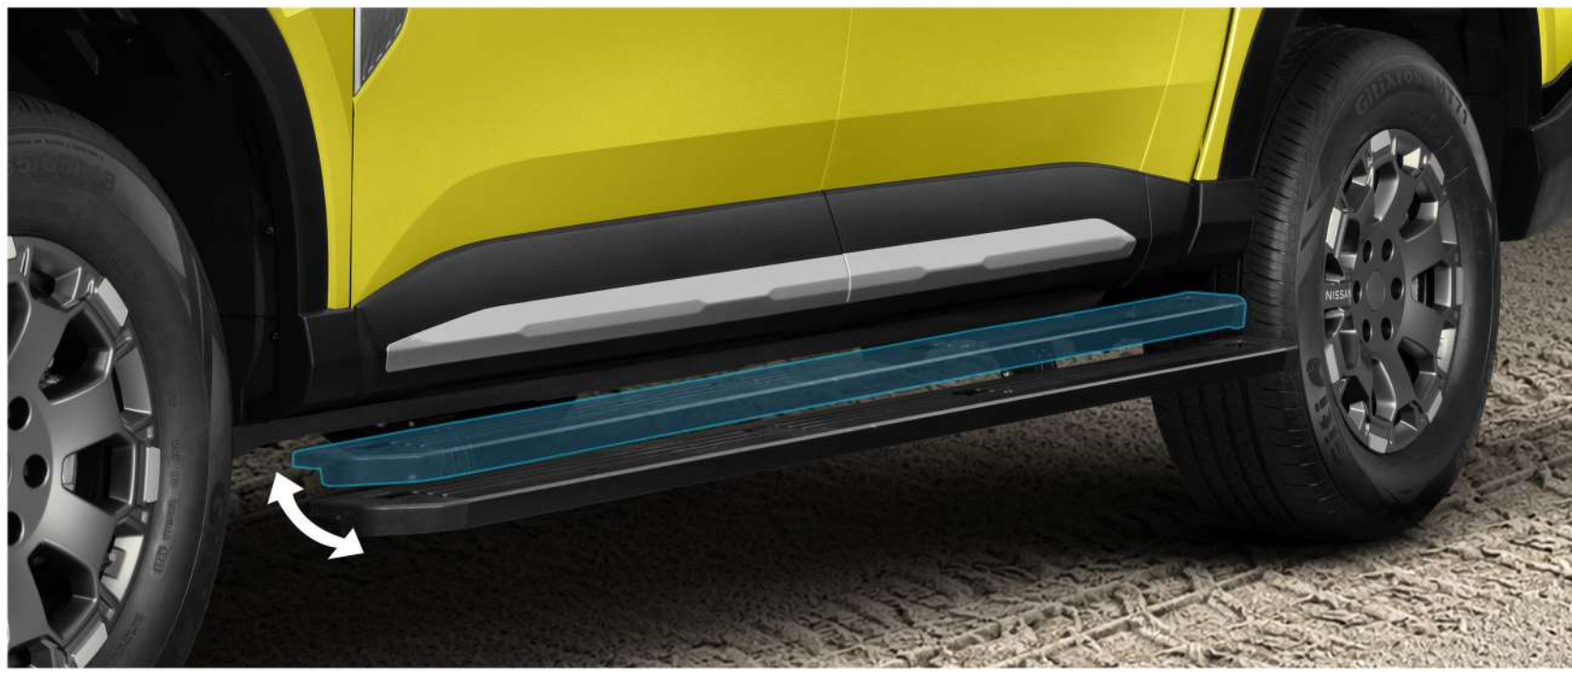

Photo may vary from actual unit.
Nissan Philippines, Inc. reserves the right to alter, delete, or enhance features and specifications without prior notice, depending on market requirements.

Power Running Board

Automatically extends when you open the door, making it easier to step in and out, then retracts neatly when not in use.

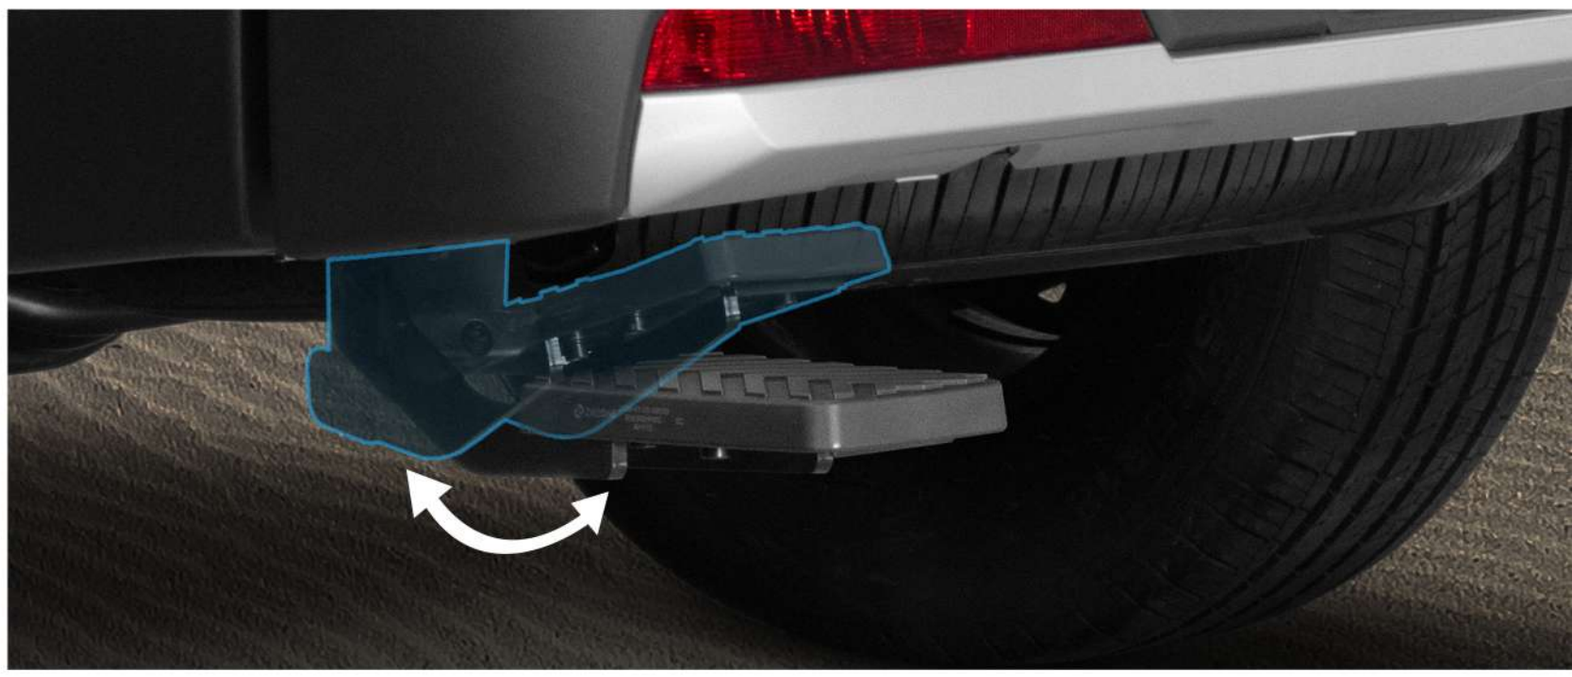

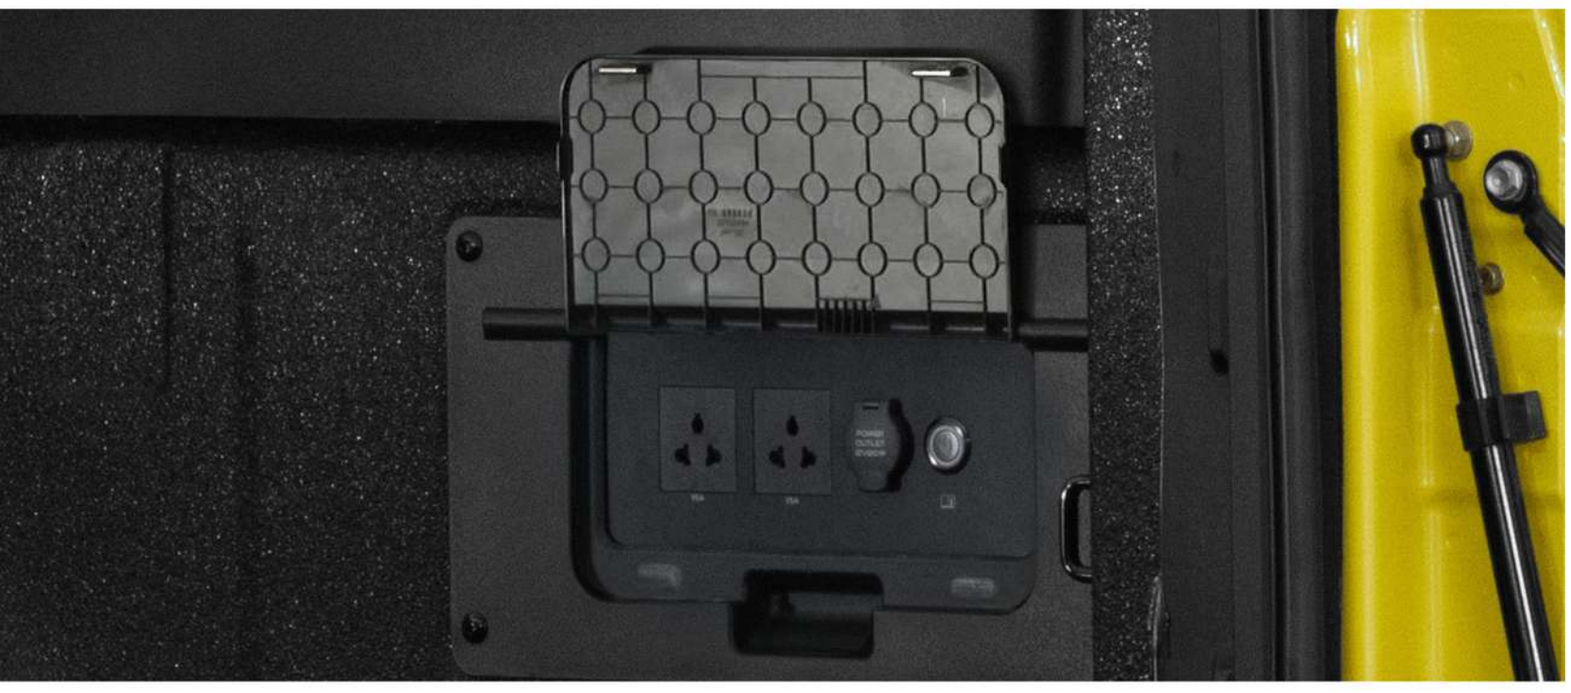

Power Tonneau Cover and Power Cargo Box Door

Make loading and securing cargo more convenient with powered access to the tailgate and roller lid.

Power Cargo Step

Provides easier access to the truck bed when you need it, then tucks away to keep the exterior clean and unobstructed.

V2L Power Panel

Turn your Navara Pro PHEV into a mobile power source, supplying electricity for tools, equipment, or devices wherever the journey takes you.

TRUE 4X4 CAPABILITY

The Nissan Navara Pro Plug-In Hybrid delivers the proven capability expected from a Nissan pick-up, with the strength and performance to take on demanding terrain, heavy loads, and adventures beyond the pavement.

ELECTRONIC LOCKING REAR DIFFERENTIAL

Locks the rear wheels together when extra traction is needed, helping you power through loose, uneven, and challenging terrain.

MECHANICALLY-LINKED INTELLIGENT 4WD SYSTEM

Delivers direct power transfer to all four wheels with a dedicated gearbox and driveshaft, providing greater traction and confidence on any terrain. Staying true to what Nissan 4x4s are known for, the Navara Pro Plug-in Hybrid is built for challenging conditions.

REAR MULTI-LINK SUSPENSION SYSTEM

Helps absorb bumps and reduces road harshness more effectively through a suspension system that allows each wheel to move more independently and provide a smoother, more comfortable ride.

Uncompromised Off-Road Performance

4WD System	Intelligent 4WD (2H, AUTO, 4H, 4L)
Ground Clearance	232mm
Battery Ground Clearance	695mm
Water Wading	700mm
Towing Capacity	3,500kg

Power Unleashed

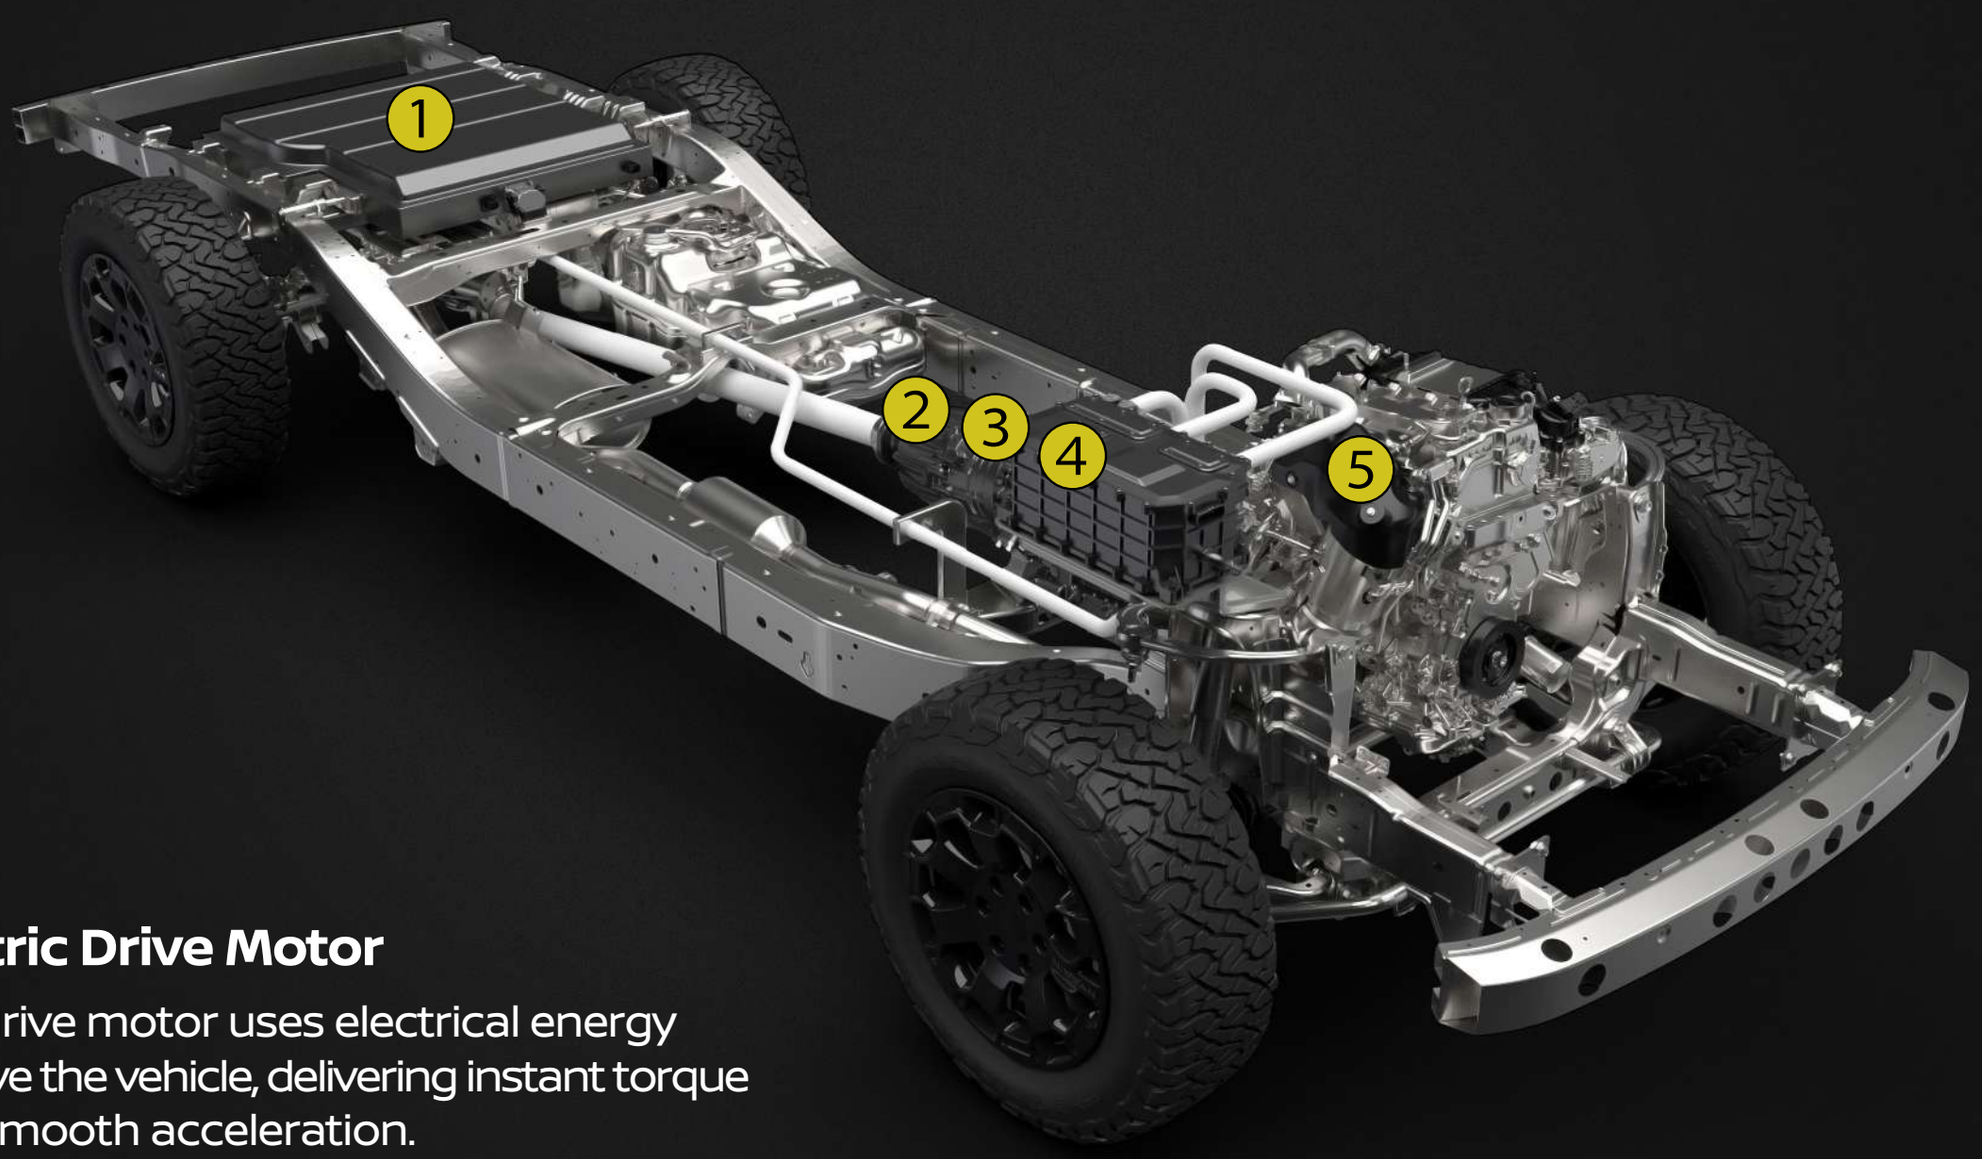

The Nissan Navara Pro Plug-In Hybrid system delivers electrified performance with go-anywhere confidence for extended adventures.

1 High-Voltage Lithium Nickel Manganese Cobalt Oxide (Li-NMC) Battery

The 20.24 kWh battery is charged via external plug-in charging and regenerative braking, supplying power to the Electric Drive Motor for all-electric driving and enhanced performance when required.

2 Automatic 4DHT Transmission

Dedicated gear box for four physical gears and electric propulsion for strong, responsive performance and efficient power delivery.

3 Electric Drive Motor

The drive motor uses electrical energy to drive the vehicle, delivering instant torque and smooth acceleration.

Max Power (PS)	212
Max Torque (Nm)	350

4 Generator Motor

Working behind the scenes, the generator converts engine power into electricity to charge the battery and provide additional torque when needed.

5 Gas Engine

A 1.5L 4-cylinder turbo engine helps extend driving range for longer journeys and demanding drives.

Max Power (PS/RPM)	143 / 5,200
Max Torque (Nm/RPM)	220 / 3,500- 4,500

Comfort Beyond the Expected

The Navara Pro Plug-in Hybrid combines rugged capability with a new standard of pick-up comfort made for longer drives. A 6-way power adjust, heated and ventilated driver seat helps create a more premium experience wherever the road takes you.

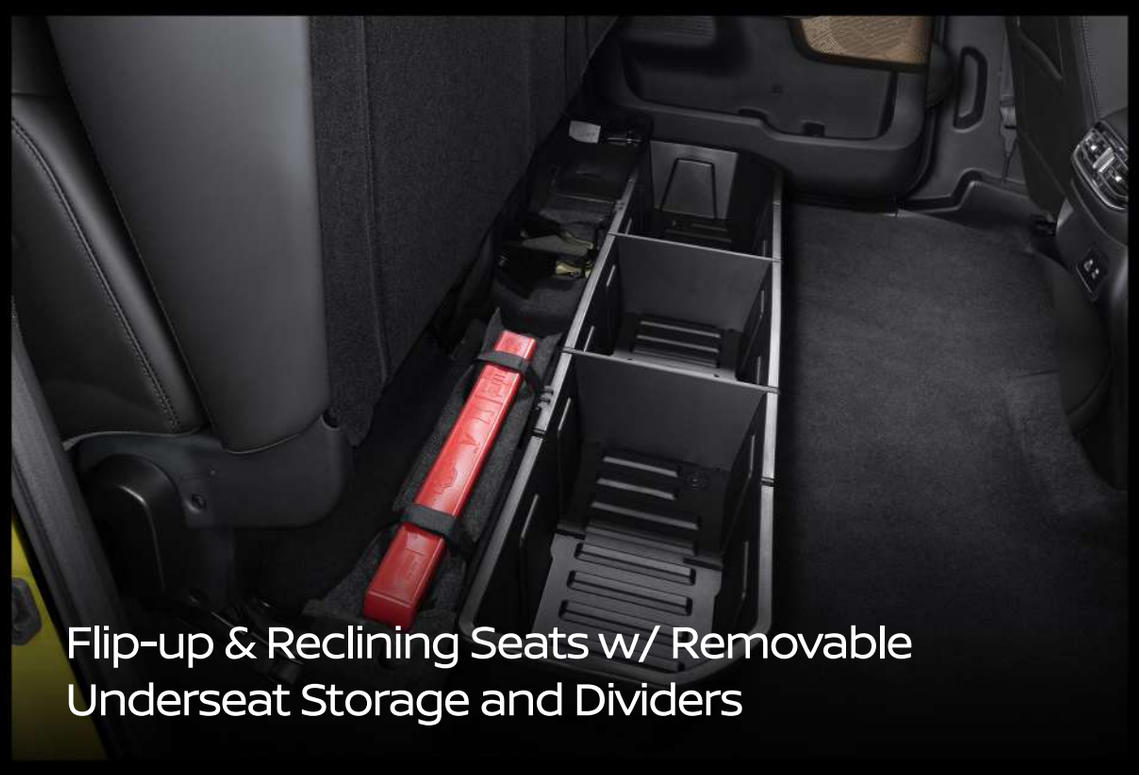

10” Full Digital Instrument Cluster

Room for More

Designed with generous cabin proportions and flexible seating,
the Navara Pro Plug-in Hybrid gives passengers more room to stretch out
and settle in. Reclining rear seats add comfort on longer trips,
while flip-up seats reveal extra storage when you need it.

Control at Your Fingertips

From vehicle status to key vehicle functions, the 14.6-inch central display keeps important information and controls within easy reach. Paired with physical buttons for quick access, it gives you intuitive command for every journey.

3D INTELLIGENT AROUND VIEW MONITOR WITH INVISIBLE HOOD VIEW (SURROUND VIEW SYSTEM)

Stay aware of your surroundings with a 3D view that helps you spot obstacles from different angles. With Invisible Hood View displayed on the Central Display, you can also see what's ahead over slopes, curbs, and uneven terrain for easier, more confident maneuvering.

NISSAN INTELLIGENT MOBILITY

Unleash Confidence in Every Drive

With Nissan Intelligent Mobility, the Navara Pro Plug-in Hybrid brings advanced technologies together to enhance awareness, control, and connectivity, helping you take on every journey with greater confidence and safety.

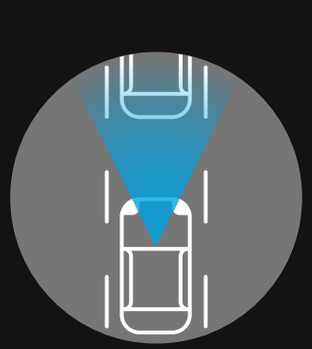

Nissan ProPILOT (Intelligent Cruise Control)

Experience a more intuitive drive with the Nissan ProPILOT. Combining Intelligent Cruise Control and Steering Assist technologies, the ProPILOT acts as your advanced co-pilot that assists you with steering, accelerating, and braking.

Photo may vary from actual unit.
Nissan Philippines, Inc. reserves the right to alter, delete, or enhance features and specifications without prior notice, depending on market requirements.

INTELLIGENT FORWARD COLLISION WARNING W/ INTELLIGENT EMERGENCY BRAKING (AUTONOMOUS EMERGENCY BRAKING)

Help is ready when you need it. The Navara Pro Plug-In Hybrid monitors your speed and the distance from the car in front. It gives you visual and audible alerts when you need to slow down, and automatically engages the brakes to help avoid a collision or lessen the severity of the impact.

INTELLIGENT LANE INTERVENTION (LANE KEEP ASSIST)

Sends a visual and audible alert that notifies you when your vehicle is moving beyond the lane.

HIGH BEAM ASSIST (INTELLIGENT HIGH BEAM CONTROL)

Seamlessly switches between low and high beam when it detects an approaching vehicle, keeping you and other motorists safe and distraction-free.

HILL DESCENT CONTROL

Going down steep hills is easier with this technology. It automatically adjusts your speed and brake pressure to help you maintain a safe and controlled descent.

NAVARA PRO
PLUG-IN HYBRID
SPECIFICATIONS AND FEATURES

	Model	**NAVARA PRO PLUG-IN HYBRID**	
	Variant	**LE 4x4**	**VL 4x4**
POWERTRAIN			
Engine	Type	4 Cylinder, 16-Valve, Turbo	
	Displacement	1,497cc	
	Maximum Power (PS / RPM)	143 / 5,200	
	Maximum Torque (Nm / RPM)	220 / 3,500- 4,500	
Fuel		95 Octane Gasoline	
Fuel Tank Capacity	Liters	67	
Electric Motor	Type	Permanent Magnet Synchronous Motor	
	Maximum Power (PS)	212	
	Maximum Torque (Nm)	350	
High-Voltage Battery		Li-NMC (Lithium Nickel Manganese Cobalt Oxide)	
High Voltage Battery Capacity	kWh	20.24	
Charging Port		Type 2	
AC Charging Time		3 hours (20% - 100%)	
EV Range	km	75 (NEDC)	
Transmission		Automatic (4DHT)	
4WD System		Intelligent 4WD (2H, AUTO, 4H, 4L)	
Electronic Locking Rear Differential		With	Without
Drive Modes		With (HEV, EV, Performance, Snow)	
DIMENSIONS & WEIGHT			
Dimensions (L x W x H)	mm	5,494 x 1,960 x 1,945	
Pick-up Bed Dimensions (L x W xH)	mm	1,520 x 1,600 x 490	
Wheelbase	mm	3,300	
Ground Clearance	mm	232	
Battery Ground Clearance	mm	695	
Approach / Departure Angle	Degrees	30˚ / 20˚	
Curb Weight	kg	2,485	2,445
Payload	kg	865	
Gross Vehicle Weight Rating	kg	3,310	
Seating Capacity	Persons	5	
Towing Capacity	kg	3,500	
Water Wading	mm	700	
Minimum Turning Radius	m	13.5 (Curb-to-Curb)	
CHASSIS / TIRES & WHEELS			
Suspension Type	Front / Rear	Independent Double Wishbone / Multi-Link (5-Link)	
Brakes	Front / Rear	Ventilated Disc / Ventilated Disc	
Parking Brake		Electric Parking Brake + Auto Brake Hold	
Steering		Electric Power Assist Rack & Pinion	
Tires		265/65 R18	
Wheels		18" Alloy Wheels	
Spare Tire		Full Size (Steel)	
EXTERIOR			
Headlamps	Type	Projector LED	
	Auto On / Off	With + Follow Me Home	
	Daytime Running Lights (DRL)	Full LED with Illuminated Emblem	
Tail Lamps	Type	Full LED
