THE VOLUME MOVER

Modern looks. Powerful engine. Spacious interior.
Nissan's range of Urvan models is ready to take on your life's pursuits
both for business and leisure.

The Nissan Urvan is equipped with Nissan Intelligent Mobility safety features including:
Vehicle Dynamic Control and Hill Start Assist. It also comes with Driver
and front Passenger Airbags, and Automatic Headlamps with High Beam Assist.

NISSAN
INTELLIGENT
MOBILITY

Blind Spot Warning

The Nissan Urvan helps you keep an eye on blind spot areas with Blind Spot Warning. It provides visual and audible alerts when a vehicle is detected in these areas, giving you greater confidence when changing lanes.

* This feature is available only on the Premium and CX variants.

NISSAN INTELLIGENT MOBILITY™

Hill Start Assist

Stopping on steep inclines even while fully loaded is no problem with the Nissan Urvan. The Hill Start Assist feature* keeps you from rolling backwards, allowing the vehicle to remain at a standstill for a few seconds as you switch between the brake and the accelerator pedal.

*Available in automatic variants only.

Nissan Philippines, Inc. reserves the right to alter, delete, or enhance features and specifications without prior notice, depending on market requirements.

NISSAN INTELLIGENT MOBILITY™

Automatic Headlamps with High Beam Assist

The Urvan's smart and powerful headlamps automatically adjust to how dark it is outside. Its High Beam Assist seamlessly switches between low and high beam when it detects an approaching vehicle, keeping you and other motorists safe and distraction-free.

Nissan Philippines, Inc. reserves the right to alter, delete, or enhance features and specifications without prior notice, depending on market requirements.

NISSAN INTELLIGENT MOBILITY™

Vehicle Dynamic Control

Keep your passengers and cargo safe even on the most challenging roads.
The Vehicle Dynamic Control system controls brake pressure to the individual wheels and regulates engine output to help the driver maintain control of the vehicle in the event of understeering and oversteering under harsh weather conditions.

PERFORMANCE THAT GETS THE JOB DONE

The Urvan is built with a mighty 2.5-liter diesel engine
and can be paired with either a 5-speed automatic or manual transmission,
making this van a powerful and efficient workhorse for even the heaviest loads.

Urvan Standard

2.5-LITER DIESEL ENGINE

With a maximum power output of 129 PS
and 356 Nm of torque, the Nissan Urvan
allows you to move volumes with ease and confidence.

Photo may vary from actual unit.
Nissan Philippines, Inc. reserves the right to alter, delete, or enhance features
and specifications without prior notice, depending on market requirements.

Urvan Premium

5-SPEED MANUAL OR AUTOMATIC TRANSMISSION OPTIONS

The 5-speed manual transmission provides a more engaging drive through better gear control while the 5-speed automatic transmission gives you that ease of use and better fuel economy. The choice is yours, but either way, you won't be disappointed.
